

Viewing points

Time Gee on Movement Building

As a group watch a clip starting at 2.15 through to 5:20 of the video of Tim Gee's talk on Movement Building from Britain Yearly Meeting 2016.

In the clip Tim discusses the importance of relationships in creating and contributing to movements for change. The video can be found

here: <http://www.quaker.org.uk/news-and-events/ym>.

Having watched this clip together, ask participants to reflect on how their relationships with...

- ...God/the divine/the spirit...
- ...The people closest to them...
- ...The communities they live in and are part of...
- ...Those in positions of power...

...challenge them to work with others and to make a difference in the world.
