

Quaker peaceworkers strengthen peace

We work with Peace Child International to equip young people to work for global peace, social justice, and development

We support Campaign Against Arms Trade as it calls for demilitarisation and an end to global weapons trading

We help the work of St. Ethelburga's Centre for Reconciliation & Peace to promote respect and understanding across communities

We boost the work of the Campaign Against Depleted Uranium to ban the use of this dangerous substance

Making a mark for peace in 2009
