

SPIRITUAL ADVENTURERS AT BYM 2018

Hello,

We are the Spiritual Adventurers - 9 to 11s. This yearly meeting, we have thinking about our Quaker stories and Quaker Faith and Practice. We had a thoughtful time looking at quotes from Quaker Faith and Practice and it was nice that we got to have a say. We shared our own Quaker stories in many different ways and had a go at making our own original stories. Stories are always changing. We explored the language we use to talk about what we believe in.

In worship and meditation, we used postcards and special objects to share our Quaker stories. The silence helped us feel connected.

We developed our team work and friendships through playing games and singing songs of different genres. We liked the opportunities of being in different places, including the park. We enjoyed meeting with the younger children and having visitors. We appreciated making connections with the rest of Yearly Meeting.
