2nd national gathering on diversity and inclusion

17-19 January 2020

Woodbrooke Quaker Study Centre 1046 Bristol Road, Birmingham B29 6LJ

Momentum is building amongst British Quakers around issues of equality, inclusion, power and privilege. We will build on this important work, preparing Friends to consider and act on these issues both in their meetings and at 2020's Yearly Meeting Gathering in Bath. The weekend will include keynote speeches, workshops, opportunities for informal discussion, and worship. Diversity will be explored in an intersectional way. This gathering is aimed at those already familiar with the discussion. Prepare to examine yourself and inspire others.

We welcome your courageous participation
