Bywiog ond Bregus, cyflwr Crynwriaeth yng Nghymru a'r Gororau

Bywiog ond Bregus: Y breuder sy'n creu'r brys

Mae niferoedd Crynwyr yn disgyn. Nid yn unig y mae llai o bobl yn ymuno'n ffurfiol fel aelodau, ond mae cyfanswm yr aelodau a'r mynchywyr yn gostwng yn gyson.

Mae llai o bobl a fagwyd ar aelwyd Crynwyr, felly maent yn llai cyfarwydd ag arferion Crynwyr, ac er y gall hyn fod yn ffynhonnell newydd-deb ac arbrofi sy'n cyfoethogi mae peryg hefyd y bydd yn glastwreiddio'r hyn sy'n gwneud Crynwyr yn wahanol.

Os chi yw'r unig Grynwr yn y Teulu (SQIF – Single Quaker in the Family), rhaid i chi gyfaddawdu rhwng eich anghenion chi fel Crynwr ac anghenion pobl eraill yn eich cartref nad ydynt yn Grynwr, felly efallai na fyddwch yn fodlon gwasanaethu mewn rhai ffyrdd.

Mae Crynwyr yn heneiddio: rydym dipyn yn hŷn nag yr oeddem genhedlaeth yn ôl, pan fyddai pobl yn dod yn aelodau yn eu 30au a'u 40au. Yn awr mae hynny'n digwydd yn ein 60au. Mae hynny'n golygu, erbyn i ni ddysgu beth yw beth, bod gennym lai o flynyddoedd o'n blaen, ac efallai byddwn yn ei chael yn fwy anodd ysgwyddo cyfrifoldebau newydd.

Rydym hefyd o dan faich y strwythurau llywodraethu gor-gymhleth a sefydlwyd pan gafodd eglwysi eu gorfodi i gofrestru gyda'r Comisiwn Elusennau a chyflwyno adroddiadau a chyfrifon, heb allu manteisio bellach ar gael ein heithrio rhag hyn fel elusennau crefyddol.

Canlyniad hyn oedd creu nifer fawr o elusennau bach gyda'r bwriad o gadw prosesau penderfynu a goruchwyliau'n agos i'r Cyfarfod Rhanbarth, ond wrth i ddyletswyddau ymddiriedolwyr ddod yn fwy eglur ac wrth i'r safonau adrodd gofynnol godi dros y blynnyddoedd, mae wedi dod yn fwy anodd dod o hyd i ddigon o ymddiriedolwyr.

Yn y rhanbarth o dan Gyfarfod Crynwyr Cymru, canfuwyd y broblem hon yn gynnari a phenodwyd grŵp i edrych ar atebion posib. Yn 2006, argymhellodd y grŵp hwnnw y dylid cyfuno'r holl Gyfarfodydd Rhanbarth yn un Cyfarfod Rhanbarth Cymru Gyfan, gyda'r swyddogaethau meithrin yn ysbrydol ac ymestyn allan yn aros yn lleol, yn yr hyn a fyddai'n cael ei alw'n Glystyrau. Ond roedd rhai Cyfeillion na allent gydsynio â'r newid hwn felly yn dawel rhoddwyd y cynnig heibio.

Yn awr, yn 2020, mae'r sefyllfa wedi dirywio nes bod nifer o Gyfarfodydd Rhanbarth yn cael trfferth i benodi a chadw ymddiriedolwyr. Hefyd, nid yw Cyfarfod Rhanbarth Canolbarth Cymru wedi gorfol cofrestru oherwydd bod ei drosiant mor isel, ond bydd yn rhaid iddo wneud hynny erbyn Mawrth 2021 oni bai fod proses amgen sy'n dderbyniol i'r Elusen yn cael ei rhoi ar waith.

Felly, er bod hyn yn teimlo'n ddieithr iawn i ysbryd y Crynwyr, rhaid i'r Crynwyr yng Nghymru a'r Gororau wneud yn iawn am yr amser a gollwyd a dod i benderfyniad ar ein strwythur i'r dyfodol yn fuan iawn.

Bywiogrwydd: Sut mae'r ysbryd yn ffynnu yng Nghymru a De'r Gororau

Mae Quaker Faith & Practice (13.02) yn dweud wrthym y gall galwad fewnol arbennig i wasanaethau mewn ffordd benodol ddod i unrhyw un. Dyma flas ar sut yr ydym ni fel Crynwyr ar draws Cymru a De'r Gororau wedi bod yn mynegi ein ffydd ac yn tystio i'n gwerthoedd fel Crynwyr dros y blynnyddoedd diweddar, naill ai fel unigolion neu ar y cyd â Chrynwyr eraill neu gyda mudiadau eraill.

- Dramor - gwasanaethu fel Cydymaith Ecwmenaidd ym Mhalestina ac Israel; ymweld â Chyngor Materion Ewrop y Crynwyr ym Mrwsel; cysylltu â Chrynwyr yng Nghymru ac yn America; adeiladu ysgolion ym Monze.
- Yn genedlaethol ac yn lleol - "Arfogi ar gyfer Gweinidogaethu" trwy ddilyn cyrsiau yng nghanolfan Astudio Woodbrooke yn Birmingham ac edrych ar arweiniad ysbrydol; cynnal project Ysgolion Heddychlon yng Nghanolbarth Cymru; creu canolfan heddwch a gardd heddwch yn y Fenni; cynnal gweithdai a digwyddiadau (ar faterion yn cynnwys cyfiawnder economaidd yng Ngogledd Cymru, newid hinsawdd yn Llandrindod). Hefyd yn cynhyrchu CD (Voices of Conscience) ac arddangosfa ar filitariaeth a heddwch; Pity of War - project i goffau dinasyddion diniwed a laddwyd mewn rhyfel; Caplaniaeth mewn Carchardai (gan gynnwys Berwyn, Wysg); cefnogi ceiswyr lloches a ffoaduriaid - mae nifer o gyfarfodydd yn "Gyfarfodydd Noddfa". Gweithio gydag Ymgyrch y Crynwyr yn erbyn arteithio, Quaker Housing Trust, Quaker Concern for Animals; presenoldeb Crynwyr yng Ngŵyl y Gelli, a rhan o bresenoldeb rhyngevwadol Cytûn yn yr Eisteddfod a Sioe Frenhinol Cymru.
- Yn ein bywydau ein hunain: dewisiadau ffordd o fyw personol megis dulliau teithio, adeiladu neu atgyweirio cynaliadwy, peidio â bod yn berchen tŷ, bwyta llai o gig; ysgrifennu llyfrau (e.e. A travelling Quaker Writes gan Dewi Heald) a barddoniaeth (ee A part of the Main gan Philip Gross a Lesley Saunders); gwneud pabis gwyn i'r Peace Pledge Union a phroject "Collateral Damage" y Quaker Arts Network

Proses y grŵp

Methodoleg

Rhwystrwyd cyfarfod cyntaf y Grŵp gan lifogydd ond fe'i cynhaliwyd cyn y Cloi felly cyfarfu wyneb yn wyneb ar 3 Mawrth 2020. Cytunwyd yn y cyfarfod hwnnw i ffurfio tri is-grŵp i weithio ar feysydd syniadau penodol:

Grŵp A – eiddo ac ymddiriedolwyr

- Ymddiriedolwyr cysylltiedig ar draws Cyfarfodydd Rhanbarth
- Efallai nad yw'r ffiniau'n arwyddocaol, (nid yw'r grwpiau ar y datganiad ar y tabl yn gwneud fawr o synnwyr).
- Rheoli eiddo, mae gan wahanol rannau o'r wlad brofiad hir o weithio'n wahanol, (h.y. Six Weeks Meeting sydd wedi cael ei ail-enwi erbyn hyn yn London Friends Property Trust), neu maent yn ystyried y posibiliadau (e.e. Swydd Efrog.)
- Tai cwrdd neu ddim tai cwrdd Aïr peth gorau fyddai eu gwerthu ac ailddefnyddio'r adnoddau, efallai i sefydlu ac adeiladu cyfarfodydd yn y mannau lle mae eu hangen?

Grŵp B – stori newydd

- Stori newydd i'w hadrodd i ni ein hunain ac yna i'w hadrodd i eraill, trosiad o goeden
- Gwneud defnydd gwell o amser Cyfeillion, nid dim ond gwneud llawer o bethau.
- Beth ydym ni eisiau bod? Beth sydd ei angen arnom?
- Dychmygu cael hwyl, chwarae'n dduwiol
- Yr angen i ofalu am ein gilydd

Grŵp C – Edrych tuag allan

- Swyddogaeth unigryw Cyfarfod Crynwyr Cymru, llais Crynwyr i Senedd Cymru, BYM etc. Mae'n gyfrwng i ni lefaru'r gwirionedd wrth rym.
- Ni ddylem fod yn gaeth i'n hanes diweddar (dweud ein bod ni bob amser wedi gweithredu felly pan nad yw hynny'n wir).
- Materion iaith
- Amrywiaeth, peidio ag ofni trafod materion dosbarth
- Ydy ein strwythurau'n deillio o gyfansoddiad deallusol Cymdeithas y Cyfeillion
- Niferoedd bach

Cynhaliwyd y cyfarfodydd dilynol ar Zoom ac adroddodd y grwpiau hyn yn ôl i'r grŵp cyfan ar 29 Ebrill.

Daeth **Grŵp A Eiddo ac Ymddiriedolwyr** i'r casgliad bod y strwythur pum elusen, pedwar Cyfarfod Rhanbarth a Chyfarfod Crynwyr Cymru, yn dreth ar adnoddau. Awgrymwyd ein bod yn symud tuag at un elusen fyddai'n ein galluogi i rannu arbenigedd ac yn galluogi gwahanol ffyrdd o reoli eiddo a chyllid^{2,3} a Pholisiau a Gweithdrefnau ar y cyd⁴. Rydym mewn sefyllfa wahanol i'r adeg pan wnaed cynigion i newid strwythurau'r Crynwyr yng Nghymru yn 2006, ond credwn fod llawer i'w ganmol yn yr adroddiad hwnnw⁵. Yn yr un ffordd ag y mae amgylchiadau wedi golygu ein bod yn gorfod defnyddio TG mewn ffyrdd na fyddem wedi eu hystyried, efallai fod amgylchiadau yn awr yn ein gorfodi i newid ein strwythurau.

Yng **Ngrŵp B Adrodd stori newydd** ystyriwyd y trosiad o goeden, trosiad y gellir ei ddefnyddio mewn amryw o ffyrdd, ond sy'n mynd at graidd pwrrpas gwaith y grŵp. Mae pwrrpas i bob rhan o'r goeden sy'n caniatáu i'r gweddill wneud mwy, er, ar hyn o bryd, mae'r rhannau gwahanol hyn braidd yn ddigyswllt.

Cawsom ein hatgoffa gan **Grŵp C Edrych tuag Allan** mai'r Cyfarfodydd Lleol yw ein sylfaen gadarn a bod angen eu helpu i ffynnu ond bod hyn yn gofyn am ganolbwytio ar Gyfarfodydd Lleol ac ar grwpiau ehangach o Grynwyr fel ei gilydd. Yr allwedd i'n gallu i feithrin ein cyfarfodydd lleol yw croeso ysbrydol. Rydym yn edrych tuag allan o'n Cyfarfodydd Lleol i Grynwyr yng Nghymru, o Grynwyr yng Nghymru i Grynwyr yn ehangach ac o Grynwyr i'r byd yn ehangach.

Siaradodd Jonathan Carmichael, Rheolwr Project BYM Simpler Meetings, am brofiadau o weddill Cyfarfod Blynnyddol Prydain, yn enwedig o Lundain lle mae'r Cyfeillion yn ystyried ffurfio un elusen ar gyfer y saith Cyfarfod Rhanbarth a'r London Quaker Property Trust. Dylem sylweddoli bod nifer fawr o wahanol ffyrdd o edrych ar y sefyllfa, a nifer fawr o wahanol agweddau arni. Os nad yw pawb yn weld yr un broblem, ni fyddwn yn cytuno ar yr ateb. Mae pobl yn ymateb i newid mewn ystod o ffyrdd gwahanol, brwd frydig, anfodlon neu'n ddifater, a bydd rhai yn gallu mynegi eu teimladau'n well nag eraill. Mae'n well edrych ar y darlun mawr yn gyntaf a datrys y problemau llai wedyn. Mae gwaith ymddiriedolwr yn cynnwys gofalu am asedau, am arian ac felly mae ymddiriedaeth yn ystyriaeth bwysig. Os ydym am weld newid, rhaid i ni ddelio â phryderon ynghylch grym, rheolaeth a dylanwad. Yr hyn sy'n sylfaenol i hyn oll yw cyfathrebu.

Gwelsom dair agwedd ar ein ymateb i'r adroddiadau hyn a sefydlwyd dau grŵp newydd i'w datblygu:

Cyfathrebu Ein canfyddiad ni o ganlyniad adroddiad 2006 yw, er bod yr ymateb iddo'n frwd frydig, bod y Cyfeillion fel petaent wedi teimlo ei fod yn ateb o'r brig i'r bôn a bod cyfathrebu'n hollbwysig. Rhoddyd y dasg i'r grŵp hwn o ddatblygu ffordd o gyfathrebu gyda Chyfeillion a fyddai'n eu twys trwy ein ffordd o feddwl. Gofynnwyd iddynt ddatblygu trosiad y goeden mewn ffordd a fyddai'n galluogi trafodaethau rhwng aelodau a mynchywyr ar draws pedwar Cyfarfod Rhanbarth cyfansoddol Cyfarfod Crynwyr Cymru er mwyn helpu Cyfeillion i ganfod mynegiant cyffredin o'r heriau sy'n ein hwynebu. Cafodd y deunydd hwn ei gylchredeg yn eang ac rydym yn ddiolchgar am yr holl ymatebion a

Stiwardiaeth i wneud rhagor o ymchwil ar;

- Sut mae Tai Cwrdd Crynwyr o fewn y pedwar Cyfarfod Rhanbarth yn cael eu defnyddio a'u cyflwr
- Sut y gellid rheoli cyllid, efallai trwy edrych ar y London Quaker Properties Trust a'r Central England Area Meeting.

Canlyniad yr ymchwil hon sy'n ffurfio sail ein hadroddiad.

Yn ogystal â'r gwahanol grwpiau bach mae'r Grŵp Symud Ymlaen wedi cyfarfod bedair gwaith i lunio'r adroddiad hwn.

Atodiad 4

Ymgynghori gyda Chyfeillion yng Nghymru a'r Gororau

Anfonwyd dogfen ymgynghori allan gan y Grŵp Symud Ymlaen o'r enw 'Release the hidden life of Quakers in Wales and the Marches'. Fe'i cylchredwyd ddiwedd Mai a gwahoddwyd ymatebion erbyn canol Gorffennaf. Gofynnodd yr ymgynghoriad i Gyfeillion wneud y canlynol:-

Dychmygu ein Cymdeithas Grefyddol fel coeden, organeb fyw; mae'n cynnwys addoli, dysgu ysbrydol, ymestyn allan i'r gymuned, cefnogi ein gilydd a phlant. Mae Cyfarfod Blynnyddol gyda Chyfarfodydd Lleol, Cyfarfodydd Rhanbarth a Chyfarfod Crynwyr Cymru a strwythur anhylaw. Mae cyfarfodydd busnes, eiddo i'w reoli a chyfrifon banc. Rydym yn gweithio ar brojectau ac ymgyrchoedd sydd yn cael eu cynnal fel rhan o'n Cymdeithas a chan Gyfeillion yn gweithio gydag eraill.

- *Sut yr ydych yn ymateb i'r ddelwedd o goeden? Pa rai o'n gweithgareddau yw'r gwreiddyn, y boncyff, y canghennau a'r dail?*
- *Pa rannau o'r goeden y gwyddoch amdanynt? Ym mha rai yr ydych yn cymryd rhan?*
- *Pa rannau sydd mewn iechyd da? Pa rannau sydd angen eu tocio?*

Er ein bod yn Gymdeithas Grefyddol a gydnabyddir fel eglwys, rydym hefyd yn elusen gyda'r cyfrifoldebau cyfreithiol sydd ynghlwm wrth hynny.

- *Pa mor dda y mae agweddu eglwys ac elusen ein Cymdeithas yn gweithio? Oes unrhyw broblemau?*

Cawsom fwy na 60 o ymatebion gan Gyfeillion unigol, Cyfarfodydd Lleol a Chyfarfodydd Rhanbarth.

Clywsom gan bobl sydd â phrofiad helaeth o'r Cyfeillion a chan fynychwyr holol newydd, gan Gyfeillion â phrofiad o weithio i elusennau eraill ar lefel uchel a chan Gyfeillion sy'n gwybod dim byd am natur strwythurau ffurfiol. Maen nhw i gyd wedi bod yn ddefnyddiol Dyma gompendiwm o syniadau a gymerwyd o'r rhai a ddaeth i law.

Fe awgrymwyd y gallai'r Cyfeillion feddwl am ffydd y Crynwyr fel coeden. I rai Cyfeillion nid oedd hyn yn gymorth, ond roedd y trosiad yn caniatâu i eraill ddweud pob math o bethau am Grynwriaeth.

Dyma gompendiwm o syniadau a gymerwyd o'r rhai a ddaeth i law.

- Rhaid rheoli coed
- Rhaid i chi docio coed fel nad yw'r canghennau'n rhy drwm os ydynt yn gorfol goroesi sychder.
- Mae rhannau byw coeden yn ystwyth, rhaid i chi docio'r pren marw i ryddhau tyfiant.
- Nid yw coeden yn gryf am ei bod yn anystwyth ond am ei bod yn ystwyth.
- Mae coeden yn plygu gyda'r gwynt i osgoi cael ei thorri.

- Yr hyn sydd ei hangen arnom yw newid agwedd lwyf fel ein bod yn goniffer ac nid yn dderwen.
- Gallai patrwm BYM o edrych ar ôl coeden weithio mewn parc, ond nid o dan amodau llai diogel.
- Mae coeden yn sownd yn y ddaear fel Woodbrooke neu Friends House. Mae Crynwyr fel haid o adar a chyfarfod Crynwyr yn nyth iddynt.
- Mae gan y goeden Banyan wreiddiau sy'n hongian lawr o'r awyr ac yn gwreiddio lle bynnag maent yn cyffwrdd ag ef.
- Nid yw Crynwyr yn solet neu'n sefydlog neu'n weladwy fel coeden ond yn hytrach maent yn ddi-ffurf, yn newid, yn ymestyn yn denau, yn anodd eu diffinio ond yn effeithiol wrth greu newid.
- Gellwch adeiladu pob math o dai pen coeden sydd yn hwyl.
- Gall coed ddarparu cynefin cyfoethog i organebau eraill.
- Mae Crynwriaeth yn rhan o goedwig gyda mynchywyr yn gweithio fel gwenyn yn peillio'r blodau.
- Mae coed wedi eu cysylltu gan fycorhisa tanddaearol.

Crynodeb o'r adborth

Roedd rhai eisiau bod yn rhan o goeden fythwyrdd fel na fyddai'r dail yn disgyn, roedd eraill am fod yn goed colldail fel y gellid adnewyddu'r dail, ac roedd rhai eisiau bod yn goeden fythwyrdd yr oedd ei dail yn disgyn wrth iddynt heneiddio fel nad oedd byth yn foel a bod dail newydd o hyd.

Roedd yna Gyfeillion oedd yn rhybuddio yn erbyn newid. Mae'n anodd dod o hyd i Gyfeillion i wneud y swyddi nawr, os ydych yn gwneud rhai o'r swyddi'n fwy, fyddwch chi byth yn dod o hyd i neb; fydd un cyn ymddiriedolwr AM yn anfodlon ymgymryd â swydd fwy. Roedd yna bryder mai'r unig Gyfeillion a fyddai'n ymgymryd â'r swyddogaethau ehangach fyddai Cyfeillion 'o bwys'. Rydym yn gweithio fel amaturiaid mewn byd cynyddol gymhleth a hyd yma rydym wedi llwyddo o drwch blewyn. Bod mwy o reoli'n rhwystr i weithrediadau'r ysbryd. Roedd yn destun pryder bod un o'r atebion oedd yn fwyaf beirniadol o unrhyw newid wedi ei anfon yn ddienw. Mae hyn yn awgrymu bod pryder ynghylch sut byddai safbwytiau gwahanol yn cael eu derbyn.

Roedd yna Gyfeillion oedd yn feirniadol o'r sefyllfa bresennol. Dros yr ychydig flynyddoedd diwethaf cafwyd mwyfwy o drafod ar broses a strwythur a dim digon o bwyslais ar gyfathrebu'r 'ffordd'. Mae yna dyndra rhwng gofynion seciwl ar a threfn yr Efengyl a rhaid i ni ddod at ein gilydd gydag ymddiriedaeth a thynerwch i ganfod ffordd ymlaen. (QF&P 15.03) Pe bai Crynwyr yn eu gweld eu hunain yn fwy fel rhan o gymuned fwy efallai byddent yn fwy tebygol o ymgymryd â swyddogaethau fel gweithred o wasanaeth. Os bydd newid rhy gyflym yn y Cyfeillion sy'n ymgymryd â swyddogaethau caiff gwybodaeth ei cholli. Ar y llaw arall mae amgylchiadau bywyd rhai Cyfeillion yn gyfryw fel y gallent o bosib gynnig gwasanaeth tymor byr ond nid y cyfnod tair neu chwe blynedd mae ein system gyfredol yn ei ddisgwyl.

Mae yna rai nad ydynt yn deall ein system weinyddol, mae'n ymddangos yn llafurus. Holodd nifer o bobl pam roedd yn rhaid i ni fod yn elusen ffurfiol. Mae Cyfarfodydd Rhanbarth yn rhy hir, does neb yn dod. Ond clywsom hefyd nad oes gan Gyfeillion fawr o amynedd i ddelio â busnes hanfodol neu dorchi llewys i helpu i wneud peth o'r gwaith caib a rhaw. Mae rhai o'r Cyfeillion wedi rhoi'r ffidil yn y to oherwydd nad oes dim byd byth yn newid.

Roedd llawer o blaidd peidio â dyblygu gwaith rhwng cyfarfodydd yng Nghymru (a'r Gororau). Soniwyd gam bwysigrwydd cyfathrebu. Sylfaen gadarn Crynwriaeth yw'r Cyfarfodydd Lleol; mae angen atebion lleol i anghenion lleol felly rhaid i ni gadw Cyfarfodydd Rhanbarth yn weddol leol, ond gallem gyfuno ymddiriedolwyr a rhai swyddogaethau eraill. Rhaid i glerigwyr wneud llawer o waith gweinyddol, nid dim ond dod o hyd i eiriau ysbrydoledig, rydym i gyd yn glerigwyr felly mae'r un peth yn wir i ni.

Lefelau egni sy'n lleihau gydag oedran, nid brwd frydedd. Ymddengys ein bod yn dal ein gafael ar ddŵr y bath hyd yn oed pan fydd wedi oeri a'r babi'n marw o hypothermia. Ni fydd 'Dydyn ni erioed wedi ei wneud o fel yna' yn ddadl dderbyniol mwyach. Rhaid i ni feddwl mewn ffordd gwbl newydd.

Am fod y gwaith ymgynghori wedi digwydd yn ystod y Cloi Mawr oherwydd COVID 19, cafwyd llawer o sôn am y defnydd o Zoom. Yn wir, roedd gan un mynychwr newydd fwy o brofiad o gyfarfodydd ar-lein na chyfarfodydd wyneb yn wyneb i addoli. Lleisiwyd pryderon fod y defnydd o dechnoleg yn cau allan rai Cyfeillion oherwydd nad oeddent yn gallu ei ddefnyddio neu'n anghyfforddus wrth wneud hynny. Ar y llaw arall, fe'i gwnaeth yn bosib i nifer o Gyfeillion gymryd rhan mewn cyfarfodydd busnes na fyddent wedi gallu eu mynychu fel arall. Soniodd llawer o Gyfeillion am hwylustod gallu cynnal cyfarfodydd busnes heb yr amser a'r gost (o ran arian ac o ran effaith ar yr amgylchedd) o deithio pellteredd mawr i gyfarfod wyneb yn wyneb. Mae'n ei gwneud yn bosib gweithio mewn grwpiau sydd mewn lleoliadau daearyddol gwahanol. Ond mae cyfarfod wyneb yn wyneb yn galluogi pobl i ddod i adnabod ei gilydd mewn ffordd nad yw'n bosib wrth gyfarfod ar-lein felly mae'n bwysig cael rhyw fath o economi gymysg.

Mae dau fater sy'n unigryw i Gymru. Nid yw'r ffin genedlaethol a ffiniau'r Crynwyr yn cyd-fynd am bob math o resymau sy'n cynnwys, cyfeillgarwch, hanes a daearyddiaeth. Roedd rhai Cyfeillion yn Lloegr nad oeddent yn gyfforddus wrth ddod yn rhan leiafrifol o fudiad Cymreig yn bennaf, ond nid oedd dymuniad i wneud i'r ffiniau gyd-fynd. Mae'n gymhlethdod, ond yn un y mae'r rhan fwyaf o Gyfeillion i weld yn fodlon byw gydag ef. Mae'r mater arall ynghlwm wrth natur Cymreictod. (Mae llawer o Gyfeillion o Loegr sy'n edrych yn eiddigeddus dros y ffin ar hyn o bryd o weld y dull mwy ystyriol o ymdrin â'r Coronafirws ar ochr Cymru.) Fyddai Cyfeillion sy'n byw ar ochr Lloegr i'r ffin yn cael croeso ymysg Cyfeillion yng Nghymru? Ydy iaith yn uno neu'n gwahanu? Allwn ni siarad yn agored am y materion hyn?

Nid oes raid i symleiddio fod yn gymhleth.

Atodiad 5

Pam mae'n rhaid i ni fod yn elusen gofrestredig?

ymateb gan Paul Parker, Clerc Cofnodi Cyfarfod Blynnyddol Prydain

Yn gyntaf, rydym yn elusen am ein bod ni wedi bod yn elusen erioed. Yr unig newid a gafwyd ers 2006 yw ein bod ni wedi dod (ar lefel y cyfarfodydd rhanbarth a'r cyfarfod blynnyddol) yn elusennau cofrestredig. Mae hynny oherwydd bod Deddf Elusennau'r flwyddyn honno wedi rhoi terfyn ar 'statws eithriedig' cyrff crefyddol - lle gallent fod yn elusennau heb gofrestru gyda Chomisiwn Elusennau Cymru a Lloegr (neu Swyddfa'r Scottish Charity Regulator). Yn sgil y broses gofrestru bu'n ofynnol i ni benodi ymddiriedolwyr wedi eu henwi - cyn hynny, roedd holl aelodau'r cyfarfod misol (y pryd hynny) yn ymddiriedolwyr *de facto* (p'un oeddent yn gwybod hynny ai peidio!), ac yn rhannu atebolwydd. Am bob math o resymau nid oedd hynny'n drefniant arbennig o fodhaol.

Yn ail, rydym yn elusen oherwydd ni allwn ni fod yn unrhyw beth arall. Os ydych chi eisian agor cyfrif banc, bod yn berchen ar eiddo, cymryd yswiriant, cynnal gweithgareddau gyda phlant/pobl agored i niwed, yna rhaid i chi fod yn endid cyfreithiol – sy'n golygu naill ai fod yn rhaid i chi fod yn unigolyn, yn elusen neu'n gwmni. Does dim dewisiadau eraill a dweud y gwir. Mae manteision pendant ynglwm wrth ddewis bod yn elusen rhagor na'r dewisiadau eraill – yn bennaf oherwydd faint o dreth yr ydych yn ei dalu. Ac mae'n anodd dychmygu cyfarfodydd Crynwyr yn dymuno i'w holl adnoddau fod yn eiddo i un unigolyn. Mae yna dri Chyfarfod Rhanbarth a ddewisodd gofrestru fel cwmni (sefydliad anghorfforedig), ac ni fyddwn yn argymhell y llwybr hwnnw.

Yn drydydd rydym yn elusen oherwydd unwaith y mae gan elusen asedau (arian, eiddo, etc.) gellir eu defnyddio wedyn dim ond at y pwrpas elusennol y rhoddwyd nhw i'r elusen er ei fwyn. Felly pe baech yn peidio â bod yn elusen, byddai'n rhaid i chi ddod o hyd i elusen arall a allai gymryd eich asedau a'u defnyddio at y pwrpas hwnnw. Felly byddai Cyfarfod Rhanbarth a fyddai'n rhoi'r gorau i'w statws elusennol hefyd yn gorfol rhoi ei holl arian a'i eiddo i gorff arall a allai eu defnyddio.

Yn bedwerydd, rydym yn elusen oherwydd bod Cyfarfod Blynnyddol 2005 wedi penderfynu mai dyna oedd y llwybr cywir i'w ddilyn ac fe gofnodwyd hynny yn *Quaker faith & practice* (ym mhenodau 4, 14 ac 15). Sefydlwyd Pwyllgor Stiwardiaeth y Crynwyr gan y Cyfarfod Blynnyddol i lywio'r broses hon ac i ddatblygu polisi o gwmpas cofrestriad elusennol. I newid yn y dull gweithredu mewn unrhyw ffordd byddai angen penderfyniad yn y Cyfarfod Blynnyddol. Nid oes dim arwydd y byddai'r Cyfarfod Blynnyddol yn fodlon cydsynio i unrhyw newid o'r fath, a byddwn yn cynghori Cyfeillion yn gryf i beidio ystyried y posiblwydd hwnnw.

Yn bumed, rydym yn elusen oherwydd mae'n beth tryloyw i'w wneud. Mae Cyfeillion bob amser wedi rhoi pwys mawr ar wirionedd ac onestrwydd, felly dylai rhoi ein materion ariannol a'n hadroddiadau blynnyddol yn y part cyhoeddus fod yn rhywbeth rydym yn ei groesawu, ac mae'r atebolwydd sydd ynglwm â hynny yn rhywbeth y dymunwn ei annog, nid cilio rhagddo.

Yn olaf, rydym yn elusen am fod 'hyrwyddo crefydd' yn cael ei weld fel rhywbeth sydd o fudd cyhoeddus mewn deddfwriaeth elusennol. Nid yw bod yn elusen yn cyfyngu'n ormodol ar weithgarwch y Crynwyr. Er bod arweiniad y Comisiwn Elusennau (yn CC9 <<https://>

assets.publishing.service.gov.uk/government/uploads/system/uploads/attachment_data/file/610137/CC9.pdf) yn atal elusennau rhag ymgymryd â gweithgarwch gwleidyddol pleidiol, nid oes dim cyfyngiad ar ymwneud gwleidyddol o natur ehangach, oni bai fod hynny'n dod yn brif bwrrpas yr elusen. Gan mai ein prif bwrrpas yw 'hyrwyddo crefydd', a fydd hynny byth yn newid - rydym ni o flaen pob dim arall yn eglwys - nid oes dim bygythiad i ni yn hynny. Yr unig agwedd sy'n peri pryder yw'r Transparency of Lobbying Act 2014, sy'n gosod rhai cyfyngiadau ar weithgarwch yn ystod y cyfnod rheoleiddiedig cyn etholiadau - ond byddai'n hynny'n berthnasol i ni p'un a fyddem yn elusen ai peidio, gan fod cwmpas y Ddeddf yn eang iawn. Felly yn ymarferol mae statws elusennol yn gwneud fawr ddim gwahaniaeth i'r hyn y caniateir i ni ei wneud yn y maes gwleidyddol.

Beth yw Cyfarfod Crynwyr Cymru?

Corff cenedlaethol Crynwyr yng Nghymru yw Cyfarfod Crynwyr Cymru (MFW) (gweler QFP. 5.04) ac mae'n elusen gyda'i chorff ymddiriedolwyr ei hun. Mae'n bodoli yng Nghrynwriaeth Prydain i gydnabod arwahanwydd Cymru, ei threftadaeth a'i dwy iaith swyddogol. Mae corff tebyg gan Gyfeillion yn yr Alban. Mae'r rhan fwyaf o'r ychydig gannoedd o Gyfeillion yng Nghymru yn byw ein Crynwriaeth yn y wlad fach hon gyda'i hamrywiaeth, ei thlodi eang a'i chyfoeth diwylliannol, ei heriau economaidd, gwleidyddol a daearyddol a'i phrofiad o ddatganoli sy'n dal i fynd rhagddo.

Beth mae Cyfarfod Crynwyr Cymru yn ei wneud? Ar ran BYM caiff y dasg o siarad ar ran Cymru a Chrynwriaeth Cymru i BYM a hefyd o fod yn llais Crynwriaeth i Gymru a'i sefydliadau. Felly Cyfarfod Crynwyr Cymru yw'r llwyfan ar gyfer siarad â'r Senedd a Chytûn; ar gyfer sicrhau presenoldeb a gweithgareddau'r Crynwyr mewn digwyddiadau diwylliannol megis yr Eisteddfod Genedlaethol, Sioe Frenhinol Cymru a Gŵyl y Gelli; ar gyfer cyhoeddi deunyddiau i ymestyn allan ac i mewn yn Gymraeg ac yn Saesneg; ar gyfer lledaenu gwybodaeth trwy ddulliau electronig a chynnal a chadw gwefan ac ar gyfer bod mewn cysylltiad â Chyfarfodydd yng Nghymru, yn lleol ac yn rhanbarthol. Mae MFW yn cyhoeddi *Calon*, yn ymwneud ag ymgyrchoedd, yn cynnal digwyddiadau arbennig ac yn rhoi cefnogaeth ymarferol - a'r holl bethau hyn yn ogystal â'r tri chyfarfod y flwyddyn sydd ar gyfer busnes ac adnewyddu ysbrydol. Serch hynny, prif dasg MFW yw tynnu pobl at ei gilydd a bod yn gartref ysbrydol.

Trwy MFW, mae Crynwyr yng Nghymru wedi cael modd i feddwl a gweithredu'n genedlaethol ac i ymestyn allan yn rhngwladol fel corff yng Nghymru. Yn anorfol, un o'u hamcanion yw siarad yn gydlynol ac yn effeithiol fel Crynwyr yng Nghymru. Un engraifft fyddai siarad â'r Senedd mewn perthynas â pholisi Mae cryfhau'r agwedd hon ar ein tystiolaeth yn dibynnu ar gymryd rhan ac ymwneud â MFW a pharodrwydd i weld y tu hwnt i'r lleol mewn termau Crynwrol. Byddai symleiddio'r prosesau hynny sy'n llyncu unigolion ac amser (yn MFW ac mewn cyrff Crynwyr eraill) yn gymorth yn hynny o beth. Felly hefyd byddai defnyddio technoleg fodern i'w gwneud yn haws i ni gyfarfod heb orfod teithio. Yn y wlad fach hon a nifer y Cyfeillion yn lleihau ond 'pobl fawr i'w chasglu' gallem fod yn adeiladu pob math o gysylltiadau 'ar draws y ffin', gan rwydweithio a chydweithio ar draws ein rhanbarthau mewn materion yn ymwneud â meithrin yn ysbrydol, er engraifft, mewn gwaith ymestyn allan, mewn hyfforddiant a gwybodaeth a rhannu sgiliau, mewn gweithredu a chymdeithasu a rhannu Pryderon y gellid gweithredu arnynt yn gyflymach ac yn fwy effeithiol. Oherwydd ni, pawb sy'n byw neu'n addoli yng Nghymru fel Crynwyr (gan groesawu Cyfeillion o gyfarfodydd lleol dros y ffin yn Lloegr hefyd) yw Cyfarfod Crynwyr Cymru. Nid yw Cyfarfod Crynwyr Cymru yn rhywbeth ychwanegol neu 'arall'.

Quaker Faith and Practice 4.02

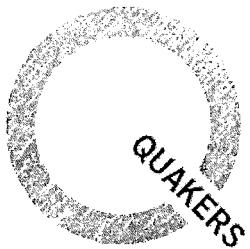

Cyfansoddiad a Swyddogaeth y Cyfarfod Rhanbarth

- *Y cyfarfod rhanbarth yw'r prif gyfarfod ar gyfer materion eglwysig yng Nghyfarfod Blynnyddol Prydain. Ei swyddogaeth yw datblygu a chynnal cymuned o Gyfeillion, teulu o gyfarfodydd lleol sy'n ymgynnnull i addoli ac i ymgyfoethogi'n ysbrydol. Dylai ddarparu'r cydbwysedd hwnnw rhwng addoli, aelodau'n cefnogi ei gilydd, gweinyddu, dysgu, myfyrio a bywyd cymdeithasol sy'n gallu gwneud ei gyfarfodydd yn achlysuron pleserus ac adeiladu bywyd ysbrydol ei aelodau.*
- *Mae cyfarfodydd rhanbarth yn gweithredu fel hwyluswyr a chydlynwyr, er mwyn sicrhau bod eu cyfarfodydd lleol cyfansoddol yn cael cyfleoedd i gymdeithasu, datblygu'n ysbrydol a gofal ysbrydol a bugeiliol, gan gynnwys gofalu am blant a phobl ifanc. Maent hefyd yn sicrhau bod aelodau'n cefnogi ei gilydd trwy brofi materion ar y cyd.*

Mae cyfarfodydd rhanbarth hefyd yn ysgwyddo'r cyfrifoldeb am sicrhau bod adnoddau lleol a rhanbarthol yn cael eu stiwardio'n briodol. Mae pob cyfarfod rhanbarth yn endid elusennol ar wahân ac mae'n [gall fod yn] ofynnol iddo gael ei gofrestru fel y cyfryw gyda'r rheoleiddiwr elusennau perthnasol.

Society of

Quaker Structures in Wales and the Borders PROPOSALS FOR CHANGE IN STRUCTURES

AIM: To release spiritual energy and reduce burden and duplication

BACKGROUND

Local Meetings have had several opportunities in recent years to respond to consultations about Quaker Structures in Wales and the Borders. Meeting for Sufferings has approved further work to explore new structures. These may be different from the rest of Britain. The purpose is to support small, scattered meetings, to release spiritual energy and avoid duplication. Meetings now have an opportunity to get involved in developing proposals arising from suggestions included in the latest consultation by the assistant recording clerk.

PROPOSAL

Replace the current Monthly Meetings in Wales, and Meeting of Friends in Wales with a more integrated framework:

- **An All Wales Quaker Meeting (AWQM)**, with administrative support from Central Funds, to help the functioning of **ALL** meetings in Wales by linking them up directly, and continue the current work of Meeting of Friends in

Wales.

- **Clusters** of local meetings, to support one another, with pastoral matters, but also test and forward concerns from local meetings and seek to involve more Friends in the wider work of the Society, in Wales and beyond.
- **Other links.** Existing programmes and links both within Wales and across the border, which are working well, especially those for **children and young people**, should continue, and be strengthened. As far as possible, these opportunities should be opened out.

WHO DOES WHAT?

A possible arrangement for primary responsibility - see overleaf.

All Wales Quaker Meeting AWQM	Clusters
Admin function (on behalf of clusters as well as its own work)	Eldership and oversight
Contact Lists of members and attenders	Membership
Relates to national bodies - CYTUN, Senedd, etc.	Right ordering of meetings
Coordination of CYP and other events	CYP child protection
National Outreach, publications	Local outreach
Spiritual nurture through national gatherings, retreats etc.	Local nurture and fellowship opportunities
Representing Wales to BYM committees and MfSufferings	Representatives, drawn from, and report to local cluster
Property and trusteeship (opt in)	Property and trusteeship (opt out)
Creating a shared calendar of events	Offering opportunities to neighbouring clusters

HOW IT MIGHT WORK

- It is the *relationship* between the AWQM and the clusters that is important.
- AWQM should strengthen the functioning of the clusters and the clusters feel enabled to engage with the issues considered by the AWQM.

Calendar of Meetings

- Clusters might meet 4-6 times a year. Evening weekday meetings for business might be possible for some clusters, rather than all-day Saturdays (Wirral and Chester MM, which is geographically compact, do this).
- AWQM might meet 3- 4 times, with a small group (who would be the trustees) to make decisions between meetings and prepare business so that there would be time for Spiritual Nurture and proper consideration of Quaker Witness at all-day meetings.

Stewardship / trusteeship

- A trustee body might work for all of Wales but members would be nominated and need to be in touch with detailed information from their Cluster.
- Property might be managed locally but the accounts held by AWQM.
- Clusters might administer a joint bank account for a number of small meetings.

Administration

- The administrator could produce leaflets and flyers for Clusters, or other groupings of meetings and handle bookings for residential events.
- Electronic communication channels including email and the Website should be developed and used as much as possible, without jeopardising the involvement of those without IT connections.
- Outreach material - exhibitions, publications and leaflets can be developed for all of Wales but in response to local needs.

Representation and communication

- Committees and groups of AWQM (e.g. Nominations, arrangements) would normally consist of people doing this work in the cluster to avoid duplication.
- Representation at Quaker conferences etc might be at an all-Wales level or might be disseminated to clusters for appointment.
- Representatives to Meeting for Sufferings might be appointed as far as possible one for each cluster, and they might report alternately to the cluster and to AWQM. NB The role and the pattern of meetings of Meeting for Sufferings is likely to change and evolve over the next few years with the introduction of the new small Trustee body for Britain Yearly Meeting.

Membership

- Clusters might handle membership matters, to ensure the care, nurture, education and support required but the actual membership list might be held by the AWQM.
- Clusters might need to make arrangements to expedite membership matters between meetings, if they met less frequently.

Our meetings for worship for business should be times to build community, so as to be responsive to God as a people.

ALM 20.18 Preparation for Area Meeting via Zoom on June 13th 2020 at 11am

We have given consideration to the agenda.

We have been asked to reflect on the main agenda item (5) – The Future of Area Meeting.

Friends have considered the challenge of appointing a sufficient number of Trustees, which has been raised in several of the accompanying papers for Area Meeting. In discernment it became clear that whilst Friends acknowledge the difficulties and believe this is the time to consider a different approach they would value a staged approach which would provide time for reflection and evaluation rather than create a situation which can never be reversed. We support the approach outlined by our Friend, Ian Sterry, and summarised below and ask our Clerk to forward this to the Area Meeting Clerk and to Peter Rivers for the Change/Transformation Group.

Trustees

“Trustees are key to a well-managed charity. We need to appoint persons with the right innate abilities, the right acquired skills/experience, and the right motivation to do the job.

In the context of the member AMs of Meeting of Friends in Wales, one proposed option to increase the pool of potential trustees would be to merge the four AMs, or merge all 5 charities, by laying down each one and forming one new one. However, as Stevie Krayer points out, this is a lengthy process, not possible in our time scale. I would add that it would be costly, we may not have the skills available to manage the process, and it would be irreversible.

There is another option:-

Clause 13(i) of our Governing Document says that Trustees must be appointed from members of our AM.

I propose that clause 13(i) be amended to say that Trustees can be appointed who are members of any AM within BYM.

It is within the power of AM in Session to make this change. (clause 7(i)) It could be done at the next meeting. If each AM of Friends in Wales made the same amendment, then the same group of say 12-15 people could be appointed to each of the AMs as trustees for the next triennium.

Advantages

1. Speed- can be done immediately.
2. Cost – No legal or professional costs
3. Achieves objective of increase in the pool of potential trustees. We would be looking at appointing 12-15 Trustees from 684 members. [SMAQM is currently looking for 12 trustees from 199 members). We would still have the option to appoint from other English AMs.

4. The Trustees would have the next triennium to learn how to work together, adopt and develop best practice without the pressure of immediate crisis.
5. The process is reversible. At the end of the triennium we would have the options of:
 - 5.1. Go back to where we are now
 - 5.2. Continue with the new system.
 - 5.3. Proceed to a full merger, in which case we would have a team of competent trustees to manage the process."

Almeley Friends support the overall desire to reshape Area Meeting so that its focus is less on business and more on the spiritual life of Quakers and on outreach. We recognise that much of the business of the SMAQM has properly been passed to the Trustees, who are responsible for Finance, Property, Legal Compliance, and employment and in that sense AM in session is already almost free of 'business' matters. The only 'business' matters which have to be on the AM Agenda are half a dozen or so agenda items per annum:- to approve Trustee reports; approve the annual accounts; approve membership changes; and nominations matters, which have not been delegated. Any other 'business' item therefore is a matter of choice, not necessity. Friends however are aware of other agenda items loosely referred to as 'business' which can involve them sitting for long periods listening to 'discussions' and then picking over a Minute. Friends wonder if this is what leads some to avoid AM.

We have been reminded of the value of thinking creatively and living adventurously and of the opportunities which can be lost by the temptation to adhere to the past and to what we know.

Incwm a Gwariant ar Eiddo

ym mherchnogaeth NWAM, MWAM, SWAM & SMAQM

Cyflwyniad

Er mwyn asesu maint yr ymwneud ag eiddo Crynwyr yng Nghymru a De'r Gororau buom yn casglu gwybodaeth am yr incwm a'r gwariant mewn perthynas â'r eiddo sydd ym mherchnogaeth y pedwar Cyfarfod Rhanbarth. Nid yw'r wybodaeth yn gyflawn eto, ond bydd ar gael i'r grŵp a benodir i ddatblygu argymhellion y Grŵp Symud Ymlaen os ydynt yn dderbyniol i'r Cyfarfodydd Rhanbarth.

Mae incwm yn cynnwys: Rhent, Gosod yn Achlysuol, Grant ac Unrhyw incwm arall cysylltiedig ag eiddo penodol (e.e. incwm buddsoddi) a bydd gwariant yn cynnwys: Gwaith atgyweirio mawr, Trwsio a chynnal a chadw, Dodrefn ac Offer, Cyfleustodau a Chyflogaeth, glanhau, garddio a chostau eraill.

Mae gwybodaeth ychwanegol ar gael mewn cyfrif cyfunol ar gyfer blwyddyn ariannol 2018 am gyfrifon Cyfarfod Crynwyr Cymru a'r pedwar Cyfarfod Rhanbarth, sy'n rhoi golwg arall ar sefyllfa ariannol gyffredinol Crynwyr yng Nghymru a De'r Gororau.

Sylwadau

1. Crynodeb 5 Mlynedd o Incwm a Gwariant Eiddo

Wrth edrych ar Grynodeb cyffredinol y tri Chyfarfod Rhanbarth yng Nghymru, mae'n amlwg ein bod yn delio â symiau sylweddol iawn o arian, gydag incwm dros £600,000 a gwariant dros £540,000 am y pum mlynedd. Byddai De'r Gororau yn ychwanegu'n sylweddol at y ffigyrâu hyn.

O'r tri Chyfarfod Rhanbarth a grynhowyd, mae De Cymru'n cynhyrchu 66% o'r incwm ac wedi gwario 75% o'r gwariant; hwn yw'r unig un o'r tri sydd â Chronfa Adeiladau Cyfarfod Rhanbarth y telir rhenti o Dai Cwrdd Abertawe a Phen-y-bont ar Ogwr yn uniongyrchol iddo, ac mae hefyd wedi cytuno ar gyfraniadau o Gronfa Adeilad Tŷ Cwrdd Caerdydd.

Mae Cronfa Adeiladau Cyfarfod Rhanbarth De Cymru hefyd yn talu am y gwaith mawr ar y tai cwrdd er bod Caerdydd wedi codi'r rhan fwyaf o'i arian ei hun i dalu am lawer o'r gwaith a wnaed yn ddiweddar, ac wedi casglu Cronfa Apêl werth £26,000 ar gyfer gwaith i'r dyfodol.

Bellach mae Tŷ Cwrdd Caerdydd yn cynhyrchu incwm sylweddol iawn o dan gwmni rheoli a benodwyd yn ddiweddar, ac mae'n dangos gwarged cyffredinol dros y 5 mlynedd. Ar hyn o bryd mae'n gweithio gyda chymdeithas tai i ailddatblygu'r safle i gyd trwy adeiladu cyfleuster tŷ cwrdd newydd fel rhan o floc o fflatiau fforddiadwy.

Mae adolygiadau pum mlynedd SWAM o'r pedwar tŷ cwrdd arall wedi datgelu bod angen gwaith sylweddol, a'i fod yn debyg o gostio llawer mwy na gwerth presennol y Gronfa Adeiladau sef, £78,000.

Mae eiddo Cyfarfod Blynnyddol Gogledd Cymru yn dangos gwarged iach dros y cyfnod pum mlynedd o £68,000. Cafwyd yr incwm mwyaf yn 2017 a 2018, a'r gwariant mwyaf yn 2018 yng Nghroesoswallt, oedd yn cael ei atgyweirio'n sylweddol wrth gwrs. Cynhyrchodd hyn warged dros y ddwy flynedd o ryw £20,000 a fyddai ar gael felly i wneud gwaith atgyweirio pellach ar adeiladau yn y dyfodol.

I'r gwrthwyneb, dim ond dau dŷ cwrdd sydd yng Nghyfarfod Rhanbarth Canolbarth Cymru a'r incwm a'r gwariant felly'n gymharol fach, ac mae'r fantolen dros y pum mlynedd wedi bod yn weddol gytbwys. Mae Dolobran wedi derbyn cymynrodd sylweddol i gynnal a chadw ei dŷ cwrdd, ac mae hyn yn lleddfu pryderon yngylch sut y gall y Crynwyr gynnal adeilad o'r fath bwysigrwydd hanesyddol.

Mae chwe thy' cwrdd yng Nghyfarfod Blynnyddol De'r Gororau, a 4 ohonynt yn rhestredig, ynghyd â rhai adeiladau cysylltiedig, ac un o'r rheini hefyd yn rhestredig. Ychydig iawn o incwm a gynhyrchrir gan Almeley Wootton ond mae rhoddion hael gan Gyfeillion yn talu treuliau. Mae Henffordd wedi wynebu gwariant mawr ar atgyweirio, ond mae incwm a gwariant cyson wedi creu gwarged. Mae Llandrindod yn cynhyrchu gwarged blynnyddol bach. Mae Llwydlo wedi wynebu costau atgyweirio ac adeiladu mawr ond mae incwm o eiddo ar osod yn talu am y gwariant cyffredinol. Mae Ross on Wye wedi cael costau atgyweirio ond fel rheol mae'n cynhyrchu gwarged blynnyddol bach. Tua £10,000 y flwyddyn yw gwariant Pales, a thelir amdano gan rai cronfeydd cyfyngedig, incwm o eiddo ar osod a digwyddiadau, rhoddion rheolaidd gan Friends of the Pales, a throsglwyddiad o'r Cyfarfod Rhanbarth o £3,000 y flwyddyn.

2. Cyfrifon Cyfunol 2018

Yn gyntaf maent yn dangos diffyg cyffredinol ar Incwm a Gwariant o ryw £43,000, y gellir ei olrhain i gostau atgyweirio Tŷ Cwrdd Croesoswallt. Codwyd y rhan fwyaf o'r arian at y gwaith yn 2017; felly, gan hepgor hyn yr oedd y fantolen yn gyffredinol gytbwys y flwyddyn honno.

Yn ail, mae'n werth nodi bod cyfanswm gwerth yr 20 eiddo ar y pum mantolen dros £7 miliwn, er bod hyn yn cynrychioli'n bennaf gwerth yswiriedig yr eiddo yn hytrach na'u gwerth presennol ar y farchnad agored.

Model posib ar gyfer Cofnodi ac Adrodd Ariannol

Ar gyfer NWAM, MWAM, SWAM, SMAQM a MFW o dan adain yr elusen newydd i Grynwyr yng Nghymru a'r Gororau.

Bydd gofyn i Ymddiriedolwyr yr elusen newydd gyflwyno Adroddiad Ymddiriedolwyr Blynnyddol gerbron y Comisiwn Elusennau fydd yn cynnwys naratif yn unol â gofynion y Comisiwn ac Adroddiad Ariannol a ysgrifennir yn unol â gofynion y SORP presennol a Phwyllgor Stiwardiaeth BYM.

Bydd gofyn i'r elusen agor cyfrif banc, o ddewis gyda banc sy'n gallu 'siarad' yn hawdd â'r system gyfrifon ar-lein. Dylid cofnodi manylion y Mandad Banc yng nghofnodion yr elusen. Hefyd bydd yn ofynnol i'r elusen agor cyfrif adneuo efallai gyda COIF i ddal asedau ariannol yr elusen.

Bob blwyddyn bydd yn ofynnol i'r Ymddiriedolwyr benodi Archwilydd (mae'n ymddangos yn debygol y bydd yn ofynnol cael Archwilydd oherwydd cyfanswm trosiant yr elusen newydd).

Bydd yr Adroddiad Ariannol yn cynnwys adroddiad cyfunol ar holl weithgareddau ariannol y Cyfarfodydd Rhanbarth cyfansoddol. Rhagwelwn y bydd hyn yn bosib trwy sefydlu system gyfrifon ar-lein a weinyddir o bosib gan rywun a gyflogir gan yr elusen.

Bydd yn rhaid i'r Elusen benodi Trysorydd. Mae cwestiwn yn codi a ddylai i'r Trysorydd fod yn Ymddiriedolwr ai peidio. Mae Paul Parker wedi ein cynghori nad oes raid i Drysorydd, yn dechnegol, fod yn ymddiriedolwr, er bod hynny'n digwydd yn aml. Cyn belled â bod y corff penodi yn glir am hynny, mae'r naill neu'r llall yn bosib. Os yw trysorydd yn bresennol ym mhob un cyfarfod ymddiriedolwyr, yna mae'n ymddiriedolwr de facto – felly os nad oes bwriad i'r trysorydd fod yn ymddiriedolwr, dylai adael y cyfarfod yn ystod rhai eitemau.

Mae hyn yn codi rhagor o gwestiynau yngylch sut mae'r Trysorydd i fod i gael ei enwebu a beth yw'r corff penodi. Mae'n ymddangos nad yw QF&P yn nodi'r broses ar gyfer Trysorydd BYM ond deallwn fod Trysorydd BYM yn cael ei benodi fel Ymddiriedolwr BYM ac awgryma hyn mai hwn fyddai'r model priodol i'r elusen newydd.

Rhaid gwneud penderfyniad ar hyn, nid ar hyn o bryd efallai ac nid gennym ni, ond ein barn yw y dylid penodi Trysorydd yr elusen newydd yn Ymddiriedolwr ac nid yn ex-officio nac yn de facto.

Dylai'r Trysorydd gynnnull Is-bwyllgor Cyllid sy'n cynnwys cynrychiolwyr o'r pedwar Cyfarfod Rhanbarth ac MFW fydd yn gyfrifol am baratoi a chytuno ar gyllidebau ac awgrymu lefel cyfraniadau gan bob Cyfarfod Lleol trwy ei Gyfarfod Rhanbarth i'r elusen.

Bydd pob Cyfarfod Rhanbarth a MFW yn penodi Trysorydd a fydd yn rheoli cyfrifon y cyfarfod Rhanbarth ac adrodd i'r corff penodi a Thrysorydd yr elusen newydd er mwyn cyfuno'r adroddiadau ariannol ac er mwyn adrodd i'r Comisiwn Elusennau a Phwyllgor Stiwardiaeth BYM. Bydd Ymddiriedolwyr yr elusen newydd yn gyfrifol am oruchwylio bod

yr incwm o'r cyfarfodydd Rhanbarth a'r asedau'n cael eu defnyddio'n effeithlon ac yn unol â'r pwrpasau elusennol cofrestredig.

Bydd trysoryddion Cyfarfodydd Lleol yn parhau i dderbyn a chofnodi incwm lleol gan ddefnyddio'r system gyfrifo ar-lein fydd yn sicrhau bid yr holl drafodion ariannol ar draws yr elusen gyfan yn cael eu cofnodi'n gyson ac yn syml, gan leihau gwaith y trysoryddion lleol yn sylweddol.

2021-24 Trieniwm

Yn ystod y cyfnod interim bydd y gwaith cofnodi ac adrodd ariannol yn parhau yn yr un ffordd ag yn awr (h.y. i Gyfarfodydd Rhanbarth ac Ymddiriedolwyr Cyfarfodydd Rhanbarth neu i Ymddiriedolwyr MFW).

Unwaith y bydd cytundeb ar ddefnyddio pecyn cyfrifon ar-lein rhaid i bob trysorydd gael hyfforddiant fel, os bydd yr uno'n digwydd erbyn blwyddyn ariannol 2025, y bydd y Cyfeillion yn barod ar gyfer mudo'n ddidrafferth i system newydd.

Vibrant but Fragile, the state of Quakerism in Wales and the Marches

Vibrant but Fragile: The fragility that creates the urgency

Quaker *numbers are falling*. Not only are fewer people coming into formal membership, but the overall number of members and attenders is decreasing steadily.

There are *fewer people who were brought up in a Quaker household*, so are less familiar with Quaker practices, and although this can be a source of freshness and enriching experimentation it also carries the risk of diluting Quakers' distinctiveness.

When you are the *Single Quaker in the Family*, (SQIF), you have to make compromises between your own needs as a Quaker and those of your non-Quaker household, so you may be unwilling to serve in some roles.

Quakers are *ageing*: we are distinctly older than we were a generation ago, when people came into membership in their 30s and 40s. Now it is in our 60s. This means that by the time we have 'learned the ropes', we have fewer years ahead of us to give, and may find it harder to take on new responsibilities.

We are also encumbered by the *over-elaborate governance structures* set up when churches were obliged to register with the Charity Commission and to submit reports and accounts, and could no longer benefit from an exception to this as religious charities.

The resulting large number of small charities was intended to keep decision-making and oversight close to the Area Meeting, but as the duties of trustees were clarified and as the reporting standards required have increased over the years, *finding enough trustees has become harder*.

In the area covered by Meeting of Friends in Wales, this problem was seen early on and a group appointed to look into possible remedies. In 2006, that group recommended amalgamation of all the Area Meetings into one All-Wales Area Meeting, with the spiritual nurture and outreach functions staying local, in what would be called Clusters. But some Friends could not countenance this change and so the proposal was quietly shelved.

Now, in 2020, the *situation has deteriorated* to the point where several AMs are struggling to appoint and retain trustees. Also, *Mid Wales Area Meeting* which has not had to register because its turnover is so low, will have to do so by *March 2021 unless an alternative process acceptable to the Charity Commission is underway*.

Therefore, unQuakerly as it may feel, the Quakers in Wales and the Marches must *make up for lost time and arrive at a decision on our future structure very soon*.

Vibrancy: How the spirit prospers in Wales & Southern Marches

Quaker Faith & Practice (13.02) tells us that a special inward calling to carry out a particular service may come to anyone. Here is a flavour of how we as Friends across Wales and Southern Marches have been expressing our faith and witnessing to our Quaker values over recent years, either as individuals or collectively with other Quakers or with other organisations:

- Abroad - serving as an Ecumenical Accompanier in Palestine and Israel; a visit to the Quaker Council for European Affairs in Brussels; linking with Friends in Germany and in America; building schools in Monze
- National and locally - “Equipping for Ministry” through undertaking courses at Woodbrooke Study Centre in Birmingham and exploring leadings; running a Peaceful Schools project in Mid Wales; creating a peace centre and peace garden in Abergavenny; running workshops and events (on issues including economic justice in North Wales, climate change at Llandrindod Wells). Also producing a CD (Voices of Conscience) and an exhibition on militarism and peace; Pity of War – a project to remember innocent civilian victims of war; Prison chaplaincy (including Berwyn, Usk); supporting asylum seekers and refugees – a number of meetings are “Sanctuary Meetings”. Working with the Quaker campaign against torture, Quaker Housing Trust, Quaker Concern for Animals; a Quaker presence at the Hay festival, and part of the Cytun interdenominational presence at the Eisteddfod and Royal Welsh Show
- In our own lives - personal lifestyle choices such as methods of transport, sustainable building or renovations, not being a home owner, reducing meat consumption; writing books (eg A travelling Quaker Writes by Dewi Heald) and poetry (eg A part of the Main by Philip Gross and Lesley Saunders); making white poppies for the Peace Pledge Union and Quaker Arts Network “Collateral Damage” project

The remit of the group

The Symud Ymlaen / Moving Forward Group was set up by the four constituent Area Meetings (North Wales, Mid Wales, South Wales and Southern Marches) of Meeting of Friends in Wales (MFW)¹ in October 2019 to look at ways that Quaker structures could be simplified. Two representatives were appointed from each AM and MFW and included a Trustee from each body.

2. to research work done last decade (Steering Group 2006-8) to see if there are growing points
3. to put all options on the table for working together more effectively within Wales by having an overarching trustee body, and otherwise, and to identify which ones AMs might take forward
4. to liaise with other groupings working at simplification e.g. Yorkshire, London and with BYM Quaker Stewardship Committee (QSC) and the Simpler Meetings Project Officer
5. to identify further work required and by whom, as necessary

Appendix 3

The process of the group

Methodology

The first meeting of the Group was confounded by floods but was before lockdown and so met face to face on 3 March 2020. It was agreed at that meeting to form three sub-groups to work on particular areas of ideas:

Group A – property and trusteeship

- Linked trustees across AMs
- Boundaries may not be significant, (the groupings on the tabular statement make little sense.)
- Property management, different parts of the country have long experience of working differently, (i.e. Six Weeks Meeting now called London Friends property trust), or are considering the possibilities (e.g. Yorkshire.)
- Meeting houses or not meeting houses. Would it be best to sell them and reuse the resources, perhaps to build up meetings in the places where they are needed?

Group B – A fresh story

- A fresh story to tell ourselves and then to tell others, the metaphor of a tree
- Better use of Friends time, not just a lot of stuff to do.
- What do we want to be? What do we need?
- Envisage having fun, godly play.
- The care we need to give each other.

Group C – Looking outward

- The distinctive role of MFW, the voice of Quakers to the Welsh Assembly, BYM etc. It's a channel for us to speak truth to power.
- Not prisoners of our recent history (we've always done it like this when in fact we haven't).
- Language issues
- Diversity, not shying away from class issues
- Do our structures arise from the intellectual make up of the Society of Friends
- Small numbers

Consequent meetings were by Zoom and these groups reported back to the whole group on April 29th.

Group A Property & Trusteeship concluded that the existing five charity structure, four Area Meetings and Meeting of Friend in Wales, is a drain on resources. They suggested that we move to a single charity which would enable pooling of expertise and enable different ways of managing property and finance^{2,3} and shared Policies and Procedures⁴. We are in a different place from when proposals were made to change Quaker structures in Wales in 2006, but we feel that report⁵ had a lot to commend it. Just as circumstances have meant we have to use IT in ways we would not have considered, perhaps circumstances are now forcing us to change our structures.

Group B Telling a new story explored the metaphor of a tree, a metaphor that can be used in a variety of ways but goes to the heart of the purpose of the group's work. Each part of the tree has a purpose which allows the rest to do more, although at the moment, there is a certain degree of disconnect between these different parts

Group C Looking Outward reminded us that Local Meetings are our bedrock and need to be helped to flourish but this requires a focus both on Local Meetings and on wider Quaker groupings. Spiritual hospitality is key to our ability to nurture our local meetings. We are looking outwards from our Local Meetings to Quakers in Wales, from Quakers in Wales to wider Quakerism and from Quakerism to the wider world.

Jonathan Carmichael, BYM Simpler Meetings Project Manager, spoke about experiences from around the rest of Britain Yearly meeting, in particular from London where Friends are considering having a single charity for the seven Area Meetings and the London Quaker Property Trust. We should not underestimate the number of different perspectives of the situation, nor the number of different aspects to it. If we don't all see the same problem, there is not going to be agreement on the solution. People respond to change in a range of different ways enthusiastic, resistant or not interested and some will be more articulate about their feelings than others. It is better to look at the big picture first and solve the smaller problems later. Trusteeship includes the care of assets, of money and so important issues of trust. If change is to happen, we have to deal with concerns about power, control and influence. What is fundamental to all this is communication.

We saw two aspects to our response to these reports and set up two new groups to progress them:

Communication Our reading of the outcome of the report made in 2006 was that although it was received with enthusiasm, it seems to have felt to Friends that it was a top down solution and that communication is essential. This group was tasked to develop a way of communicating with Friends that would lead them through our thinking. They were asked to develop the tree metaphor in a way that would enable discussions between members and attenders across the four constituent Area Meetings of Meeting of Friends in Wales in order to help Friends to discern a common articulation of the challenges facing us. This material has been widely circulated and we are grateful for all the responses that we have

received from individuals, Local Meetings and Area Meetings which has informed the writing of this report.

Stewardship to do further research on;

- How an all Wales Quaker Charity might be set up
- The usage and state of repair of Quaker Meeting Houses within the four Area Meetings
- How finances might be managed perhaps looking at the London Quaker Properties Trust and Central England Area Meeting.

The result of this research forms the basis for our report.

In addition to the various small groups the whole Moving Forward Group has met four times to collate this report.

Consultation with Friends in Wales and the Marches

The Moving Forward Group sent out a consultation document entitled 'Release the hidden life of Quakers in Wales and the Marches'. It was circulated in late May and invited responses by mid July. The consultation asked Friends to:-

Imagine our Religious Society as a tree, a living organism: it has worship, spiritual learning, community outreach, mutual support and children. There is Yearly Meeting with Local Meetings, Area Meetings and Meeting of Friends in Wales and a cumbersome structure. There are business meetings, properties to manage and bank accounts. We work on projects and campaigns both run as a part of our Society and by Friends working with others.

- *How do you respond to the image of a tree? Which of our activities are the root, the trunk, the branches and leaves?*
- *Which parts of the tree do you know about? Which are you involved in?*
- *Which parts are in good health? Which parts need pruning?*

Although we are a Religious Society which is recognised as a church, we are also a charity with the legal responsibilities which that implies.

- *How well are the church and charity aspects of our Society working? Are there any problems?*

We have received more than 60 responses from individual Friends, Local Meetings and Area Meetings

We have heard from those who have wide experience amongst Friends and from very new attenders, from Friends with experience of working for other charities at a high level and from Friends who know nothing about the ins and outs of formal structures. They have all been useful. This is a compendium of ideas taken from what we received.

We suggested Friends might think of Quakerism as a tree. For some Friends this was unhelpful, but the metaphor allowed others to say all sorts of things about Quakerism:-

This is a compendium of ideas taken from what we received.

- Trees have to be managed.
- You have to prune trees so that the branches aren't too heavy if they are to survive a drought.
- The living parts of a tree are flexible, you need to prune out the dead wood to liberate growth.
- The strength of a tree is not in its rigidity but in its flexibility.
- A tree bends with the wind to avoid being broken.

- What we need is a paradigm shift so we are a conifer not an oak.
- The BYM mould for looking after a tree might work in a park, but not in more marginal conditions.
- A tree is stuck in the ground like Woodbrooke or Friends House, Quakers are like a flock of birds with a Quaker meeting as their nest.
- The Banyan tree has aerial roots which hang down and take root wherever they touch.
- Quakers are not solid or static or visible like a tree but rather they're amorphous, changing, spread thin, hard to pin down but effective at bringing change.
- You can build all kinds of tree houses which are fun.
- Trees can provide a rich habitat for other organisms.
- Quakerism is part of a wood with attenders acting as bees pollinating the flowers.
- Trees are linked by mycorrhiza underground.

Summary of feedback

Some wanted to be part of an evergreen tree so the leaves didn't drop off, others wanted to be deciduous so the leaves could be refreshed, and some wanted to be an evergreen whose leave dropped as they became old so it was never bare and there were always new leaves.

There were Friends who warned against change. It is difficult to find Friends to do the jobs now, if you make some of the jobs larger you'll never find anyone; one former AM trustee won't take on anything bigger. There were worries that the only Friends who would take on expanded roles would be 'weighty' Friends. We are working as amateurs in an increasingly complex world and up till now we have just about got away with it. That greater managerialism is inimical to the workings of the spirit. It was worrying that one of the responses most critical of any change was sent anonymously, this suggests a concern about how divergent opinions would be received.

There were Friends who were critical of the present situation. Over the last couple of years there has been an increase in the amount of discussion of process and structure and not enough emphasis on communicating 'the way.' There is a tension between secular demands and Gospel order and we need to come together with trust and tenderness to find a way. (QF&P 15.03) If Quakers identified more as part of a larger community they might be more likely to take on roles as an act of service. With too fast a changeover of Friends undertaking roles knowledge is lost, on the other hand some Friends have lives where it might be possible to offer short term service but not the three or six years our current system assumes.

Some don't understand our administration system, it seems laborious. A number questioned why we had to be formally a charity. Area Meetings are too long, nobody comes. But we also heard that Friends don't feel inclined either to be patient with essential business or to pitch in and help with doing a bit of the donkey work. Some Friends have just given up because nothing ever changes.

There was a lot of support for ‘doing things once for Wales (and the Marches).’ The importance of communication was spoken about. Local Meetings are the bedrock of Quakerism; local needs require local responses so we need to keep Area Meetings relatively local, but we could amalgamate trustees and some other functions. Clergy have to do a lot of administration, not just find inspired words, we are all clergy it is no different for us.

Energy levels are decreasing with age rather than decreasing enthusiasm. It seems we’re hanging on to the bathwater even when it’s gone cold and the baby is dying of hypothermia. ‘We’ve never done it like that will’ no longer be an acceptable argument. We need to think the unthinkable.

As the consultation took place while we were locked down because of COVID 19, there was a lot of comment about the use of Zoom. Indeed, one new attender had more experience of online meetings than physical meetings for worship. There were worries that the use of technology excluded some Friends because they couldn’t or were not comfortable with using it. On the other hand, it enabled a number of Friends to take part in business meetings that they would not otherwise have been able to attend. Many Friends commented on the facility it offered to hold business meetings without the time and cost (money and environmental impact) of travelling long distances to physically meet. It makes possible working in geographically disparate groupings. However, meeting physically enables people to get to know one another in a way that is just not possible meeting online so some sort of mixed economy is important.

There are two issues which are unique to Wales. The national border and the Quaker boundaries don’t match for all kinds of reasons including, friendship, history and geography. There were some English Friends who were not comfortable about becoming a minority part of a largely Welsh organisation, but there was no wish to make the boundaries match. It’s a complication, but one which most Friends seem to content to live with. The other issue is about the nature of Welshness. (There are many English Friends currently looking enviously over the border at the more nuanced approach to corona virus on the Welsh side.) Would Friends living on the English side of the border be welcome amongst Welsh Friends. Does language unite or divide? Are we able to talk openly about these matters?

Simplification does not have to be a complicated matter.

Appendix 5

Why do we have to be a registered charity?

A response from Paul Parker, Recording Clerk of Britain Yearly Meeting.

Firstly, we are a charity because we have always been a charity. The only change that has happened since 2006 is that we have become (at area meeting and yearly meeting level) registered charities. That's because the Charities Act that year ended the old 'excepted status' for religious bodies – whereby they could be charities without registering with the Charity Commission for England & Wales (or the Office of the Scottish Charity Regulator). The process of registering required us to have named trustees – prior to that, all members of the (then) monthly meeting were *de facto* trustees (whether they knew it or not!), and liability was shared between them all. For all sorts of reasons, that wasn't a particularly satisfactory arrangement.

Secondly, we are a charity because there's not a lot else we can be. If you want to open a bank account, own property, take out insurance, carry out activities with children/vulnerable people, etc. then you need to be a legal entity – which means you either have to be an individual, a charity or a company. There aren't really any other options. There are distinct advantages to choosing to be a charity over the other options – notably to do with the amount of tax you pay. And it's hard to imagine Quaker meetings wanting all their resources to be owned by a single individual. There are three Area Meetings that chose to register as a company (incorporated organisation), and it's not a course of action I'd recommend.

Thirdly, we are a charity because once a charity has assets (money, property, etc), then those assets can only be used for the charitable purpose they were given to the charity for. So if you stopped being a charity, you'd have to find another charity that could take on your assets and use them for that purpose. So an AM that gave up charitable status would also have to give up all its money and property to another body which could make use of them.

Fourthly, we are a charity because Yearly Meeting 2005 decided that was the right course of action and wrote it into *Quaker faith & practice* (in chapters 4, 14 & 15). Yearly Meeting set up Quaker Stewardship Committee to guide this process and develop policy around charitable registration. Any change in approach would require decision at Yearly Meeting. There is no sign that YM would be amenable to any such change, and I would strongly advise Friends not to entertain that possibility.

Fifthly, we are a charity because it's a transparent thing to be. Friends have always set great store by truth and integrity, so putting our financial affairs and annual reports into the public domain should be something we welcome, and the associate accountability is something we would want to encourage, rather than shy away from.

Finally, we are a charity because the 'advancement of religion' is seen as being of public benefit in charity legislation. Being a charity does not unduly limit Quaker activity. Whilst Charity Commission guidance (in CC9) prevents charities from party-political activity, there is no restriction on political engagement of a wider nature, unless it becomes the primary purpose of the charity. As our primary purpose is, and always will be, the 'advancement of religion' – we are, first and foremost, a church – then there's no threat to us there. The

one aspect which is of concern is the Transparency of Lobbying Act 2014, which places some limits on activity during the regulated period before elections – but that would apply to us whether we were a charity or not, as the Act is cast very broadly. So in practice charitable status makes very little difference to what we are allowed to do in the political sphere.

Appendix 6

What is Meeting of Friends in Wales?

Meeting of Friends in Wales (MFW) is the national body for Quakers in Wales (see **QFP 5.04**) and it is a charity with its own trustee body. It exists in British Quakerism in recognition of Wales's distinctiveness, its heritage and its two official languages. Scottish Friends have a similar body. Most of us few hundred Friends in Wales mostly live out our Quakerism in this small country with its diversity, its widespread poverty and cultural richness, its economic, political and geographical challenges and its ongoing experience of devolution.

What does MFW do? On BYM's behalf it is tasked with speaking for Wales and Wales's Quakerism to BYM and also with being the voice of Quakerism to Wales and its institutions. So MFW is the platform for speaking to the Senedd and Cytûn; for ensuring a Quaker presence and activities in cultural events such as the National Eisteddfod, the Royal Welsh Show and the Hay Literary Festival; for publishing material for outreach and inreach in both Welsh and English; for disseminating information electronically and maintaining a website and for being in touch with Meetings in Wales at local and regional levels. MFW produces *Calon*, concerns itself with campaigns, has special events and provides practical support - and all these things in addition to its three meetings a year which are for business and for spiritual renewal. More than this, though, MFW is for drawing people together and being a spiritual home.

Through MFW, Quakers in Wales have been given the means to think and act nationally and to reach out internationally as a body in Wales. It must be an objective to speak cohesively and effectively as Quakers in Wales. That might be to the Senedd in relation to policy, for example. Strengthening this aspect of our witness depends on participation and engagement with MFW and willingness to see beyond the local in Quaker terms. Simplifying those of our processes which devour personnel and time (in MFW and other Quaker bodies) would help. So too would using modern technology to make our interactions easier and less transport-dominated. In this small country with diminishing numbers of Friends but 'a great people to be gathered' we could be building all kinds of 'cross-border' engagement, with networking and co-operation across our regions for matters of spiritual nurture, for example, for outreach, for training and knowledge and skill-sharing, for action and fellowship and for sharing Concerns which might be furthered more quickly and effectively. For we, all who live in or worship in Wales as Quakers (welcoming Friends from local meetings over the English border also) are MFW. MFW is not something additional or 'other'.

Area Meeting Constitution and Function

- *The area meeting is the primary meeting for church affairs in Britain Yearly Meeting. Its role is to develop and maintain a community of Friends, a family of local meetings who gather for worship and spiritual enrichment. It should provide that balance between worship, mutual support, administration, learning, deliberation and social life which can make its meetings enjoyable occasions and build up the spiritual life of its members.*
- *Area meetings act as facilitators and co-ordinators, ensuring that their constituent local meetings have access to opportunities for fellowship, spiritual development, and spiritual and pastoral care, including the care of children and young people. They also provide mutual support through the shared testing of concerns.*

Area meetings also carry responsibilities for ensuring the right stewardship of local and area resources. Each area meeting is a separate charitable entity and is [it may be] required to be registered as such with the relevant charity regulator.

Quaker Structures in Wales and the Borders PROPOSALS FOR CHANGE IN STRUCTURES

AIM: To release spiritual energy and reduce burden and duplication

BACKGROUND

Local Meetings have had several opportunities in recent years to respond to consultations about Quaker Structures in Wales and the Borders. Meeting for Sufferings has approved further work to explore new structures. These may be different from the rest of Britain. The purpose is to support small, scattered meetings, to release spiritual energy and avoid duplication. Meetings now have an opportunity to get involved in developing proposals arising from suggestions included in the latest consultation by the assistant recording clerk.

PROPOSAL

Replace the current Monthly Meetings in Wales, and Meeting of Friends in Wales with a more integrated framework:

- **An All Wales Quaker Meeting (AWQM)**, with administrative support from Central Funds, to help the functioning of **ALL** meetings in Wales by linking them up directly, and continue the current work of Meeting of Friends in Wales.
- **Clusters** of local meetings, to support one another, with pastoral matters, but also test and forward concerns from local meetings and seek to involve more Friends in the wider work of the Society, in Wales and beyond.
- **Other links.** Existing programmes and links both within Wales and across the border, which are working well, especially those for **children and young people**, should continue, and be strengthened. As far as possible, these opportunities should be opened out.

WHO DOES WHAT?

A possible arrangement for primary responsibility - see overleaf.

All Wales Quaker Meeting AWQM	Clusters
Admin function (on behalf of clusters as well as its own work)	Eldership and oversight
Contact Lists of members and attenders	Membership
Relates to national bodies - CYTUN, Senedd, etc.	Right ordering of meetings
Coordination of CYP and other events	CYP child protection
National Outreach, publications	Local outreach
Spiritual nurture through national gatherings, retreats etc.	Local nurture and fellowship opportunities
Representing Wales to BYM committees and MfSufferings	Representatives, drawn from, and report to local cluster
Property and trusteeship (opt in)	Property and trusteeship (opt out)
Creating a shared calendar of events	Offering opportunities to neighbouring clusters

HOW IT MIGHT WORK

- It is the *relationship* between the AWQM and the clusters that is important.
- AWQM should strengthen the functioning of the clusters and the clusters feel enabled to engage with the issues considered by the AWQM.

Calendar of Meetings

- Clusters might meet 4-6 times a year. Evening weekday meetings for business might be possible for some clusters, rather than all-day Saturdays (Wirral and Chester MM, which is geographically compact, do this).
- AWQM might meet 3- 4 times, with a small group (who would be the trustees) to make decisions between meetings and prepare business so that there would be time for Spiritual Nurture and proper consideration of Quaker Witness at all-day meetings.

Stewardship / trusteeship

- A trustee body might work for all of Wales but members would be nominated and need to be in touch with detailed information from their Cluster.
- Property might be managed locally but the accounts held by AWQM.
- Clusters might administer a joint bank account for a number of small meetings.

Administration

- The administrator could produce leaflets and flyers for Clusters, or other groupings of meetings and handle bookings for residential events.
- Electronic communication channels including email and the Website should be developed and used as much as possible, without jeopardising the involvement of those without IT connections.
- Outreach material - exhibitions, publications and leaflets can be developed for all of Wales but in response to local needs.

Representation and communication

- Committees and groups of AWQM (e.g. Nominations, arrangements) would normally consist of people doing this work in the cluster to avoid duplication.
- Representation at Quaker conferences etc might be at an all-Wales level or might be disseminated to clusters for appointment.
- Representatives to Meeting for Sufferings might be appointed as far as possible one for each cluster, and they might report alternately to the cluster and to AWQM. NB The role and the pattern of meetings of Meeting for Sufferings is likely to change and evolve over the next few years with the introduction of the new small Trustee body for Britain Yearly Meeting.

Membership

- Clusters might handle membership matters, to ensure the care, nurture, education and support required but the actual membership list might be held by the AWQM.
- Clusters might need to make arrangements to expedite membership matters between meetings, if they met less frequently.

Almeley Wootton LM minute

ALM 20.18 Preparation for Area Meeting via Zoom on June 13th 2020 at 11am

We have given consideration to the agenda.

We have been asked to reflect on the main agenda item (5) – The Future of Area Meeting.

Friends have considered the challenge of appointing a sufficient number of Trustees, which has been raised in several of the accompanying papers for Area Meeting. In discernment it became clear that whilst Friends acknowledge the difficulties and believe this is the time to consider a different approach they would value a staged approach which would provide time for reflection and evaluation rather than create a situation which can never be reversed. We support the approach outlined by our Friend, Ian Sterry, and summarised below and ask our Clerk to forward this to the Area Meeting Clerk and to Peter Rivers for the Change/Transformation Group.

Trustees

“Trustees are key to a well-managed charity. We need to appoint persons with the right innate abilities, the right acquired skills/experience, and the right motivation to do the job.

In the context of the member AMs of Meeting of Friends in Wales, one proposed option to increase the pool of potential trustees would be to merge the four AMs, or merge all 5 charities, by laying down each one and forming one new one. However, as Stevie Krayer points out, this is a lengthy process, not possible in our time scale. I would add that it would be costly, we may not have the skills available to manage the process, and it would be irreversible.

There is another option:-

Clause 13(i) of our Governing Document says that Trustees must be appointed from members of our AM.

I propose that clause 13(i) be amended to say that Trustees can be appointed who are members of any AM within BYM.

It is within the power of AM in Session to make this change. (clause 7(i)) It could be done at the next meeting. If each AM of Friends in Wales made the same amendment, then the same group of say 12-15 people could be appointed to each of the AMs as trustees for the next triennium.

Advantages

1. Speed - can be done immediately.
2. Cost – No legal or professional costs
3. Achieves objective of increase in the pool of potential trustees. We would be looking at appointing 12-15 Trustees from 684 members. [SMAQM is currently looking for 12 trustees from 199 members). We would still have the option to appoint from other English AMs.
4. The Trustees would have the next triennium to learn how to work together, adopt and develop best practice without the pressure of immediate crisis.
5. The process is reversible. At the end of the triennium we would have the options of:
 - 5.a. Go back to where we are now
 - 5.b. Continue with the new system
 - 5.c. Proceed to a full merger, in which case we would have a team of competent trustees to manage the process.”

Almeley Friends support the overall desire to reshape Area Meeting so that its focus is less on business and more on the spiritual life of Quakers and on outreach. We recognise that much of the business of the SMAQM has properly been passed to the Trustees, who are responsible for Finance, Property, Legal Compliance, and employment and in that sense AM in session is already almost free of ‘business’ matters. The only ‘business’ matters which have to be on the AM Agenda are half a dozen or so agenda items per annum:- to approve Trustee reports; approve the annual accounts; approve membership changes; and nominations matters, which have not been delegated. Any other ‘business’ item therefore is a matter of choice, not necessity. Friends however are aware of other agenda items loosely referred to as ‘business’ which can involve them sitting for long periods listening to ‘discussions’ and then picking over a Minute. Friends wonder if this is what leads some to avoid AM.

We have been reminded of the value of thinking creatively and living adventurously and of the opportunities which can be lost by the temptation to adhere to the past and to what we know.

Appendix 10

What each AM would bring to a joint Charity

What each Area Meeting brings is more than members and attenders; but it helps to understand the relative sizes. The primary purpose of a meeting house is to provide a place for Friends to meet, they also can be a means of outreach, but it is useful in this situation to understand the financial cost or benefit.

Income & Expenditure for Properties owned by NWAM, MWAM, SWAM & SMAQM

Introduction

For the purpose of assessing the scale of the involvement with Quaker properties in Wales and Southern Marches have been collecting information on the income and expenditure relating to the properties that are owned in the four Area Meetings. The information is as yet incomplete but will be available to the group appointed to take forward the recommendations of Grŵp Symud Ymlaen if they are acceptable to the AMs.

Income includes; Rent, Casual lettings, Grants & Any other income assigned to a property (e.g. investment income) and expenditure will include; Major refurbishments, Repairs & maintenance, Furniture & Equipment, Utilities & Employment, cleaning, gardening & other costs.

Additional information is available in a consolidated account for FY2018 of the accounts for Meeting of Friends in Wales and the four Area Meetings, which gives another view on the overall financial situation of Quakers in Wales and Southern Marches.

Observations

1. 5 Year Summary of Property Income and Expenditure

On looking at the overall Summary of the three Welsh AMs, it is apparent that we are dealing with very significant amounts of money, with income over £600,000 and expenditure over £540,000 for the five years. Southern Marches would add significantly to these figures.

Of the three AM's summarised, South Wales produces 66% of the income, and has spent 75% of the expenditure; it is the only one of the three which has an AM Building Fund into which rents from Swansea and Bridgend MH's are paid directly, and also has agreed contributions from the Cardiff MH Building Fund. SWAM Building Fund also pays for the major work on the meeting houses, although Cardiff raised most of its own funds for much of the work recently undertaken, and has accumulated a £26,000 Appeal Fund for future work.

Cardiff MH now generates very significant income under a recently appointed management company, and is showing an overall 5 year surplus. It is currently working with a housing association to redevelop the whole site by building a new meeting house facility included in a block of affordable flats.

SWAM's quinquennial reviews of the other four meeting houses revealed that major work was needed, probably far in excess of the current value of the Building Fund at £78,000.

North Wales AM properties show a healthy surplus over the five year period of £68,000. There are peaks of income in 2017 and 2018, and of expenditure in 2018 in Oswestry which was obviously undergoing some major refurbishment; this produced a surplus over the two years of about £20,000 which would therefore be available for more building refurbishment in the future.

In contrast, Mid Wales AM only has two meeting houses with relatively small amounts of income and expenditure, and is broadly in balance over the five years. Dolobran has a significant bequest for the maintenance of its meeting house, which eases concerns over how such an important historical building can be kept by Quakers.

Southern Marches AM has 6 meeting houses, 4 of which are listed, and some associated properties one of which is also listed. Almeley Wootton generates very little income but expenses are covered by generous donations from Friends, Hereford has had major refurbishment expenses alongside consistent income and expenditure which generates a surplus, Llandrindod generates a small annual surplus, Ludlow has had major building and refurbishment costs but income from lettings covers general expenditure, Ross has had refurbishment costs but normally generates a small annual surplus, Pales expenditure is roughly £10,000 per annum which is covered by some restricted funds, an income from lettings and events, regular donations from Friends of the Pales and a transfer from Area Meeting of £3,000 per annum.

2. 2018 Consolidated Accounts

Firstly, they show an overall deficit on Income and Expenditure of about £43,000, which can be traced to the costs of refurbishment of Oswestry Meeting House for which most the funding had been raised in 2017; so excluding this, they were broadly in balance that year.

Secondly, it is worth noting that the total value of the twenty properties in the five balance sheets is over £7million, though this represents mainly the insured values of the properties rather than their current values on the open market.

A possible model for Financial Recording and Reporting

for NWAM, MWAM, SWAM, SMAQM & MFW under the auspices of the new charity for Quakers in Wales and the Marches.

The Trustees of the new charity will be required to lodge an Annual Trustees Report to the Charity Commission which will consist of a narrative as required by the Commission and a Financial Report written to meet the requirements of the current SORP and BYM's Stewardship Committee.

The charity will require a bank account preferably with a bank that can 'talk' easily with the online accounting system. The details of the Bank Mandate should be recorded in the minutes of the charity. It will also be necessary to open a deposit account perhaps with COIF to hold the financial assets of the charity.

Each year the Trustees will be required to appoint an Auditor (It seems likely that an Auditor will be required because of the total turnover of the new charity).

The Financial Report will include a consolidated report of all the financial activities of the constituent Area Meetings. We envisage that this will be enabled by the introduction of an online accounting system possibly administered by someone employed by the charity.

The Charity will have to appoint a Treasurer. There is a question about whether or not the Treasurer should be a Trustee. Paul Parker has advised that Treasurers don't technically have to be a trustee, although they commonly are, in fact. So long as the appointing body is clear about it, either is possible. If treasurers attend all of every trustee meeting, then they become de facto a trustee – so if they're not to be a trustee, then there should be some items for which they do not attend.

This raises more questions concerning how the Treasurer is to be nominated and what is the appointing body. QfP does not seem to indicate the process for the BYM Treasurer but we understand that the BYM Treasurer is appointed as a BYM Trustee and this would suggest that this is the appropriate model for the new charity.

There is a decision to be made here, perhaps not at this time nor by us but our view is that the Treasurer of the new charity should be appointed as a Trustee and neither ex-officio nor de facto.

The Treasurer should be the convener of a Finance sub-Committee comprised of representatives of the four Area Meetings and MFW which will be responsible for preparing and agreeing budgets and the suggested level of contributions from each LM via its AM to the charity.

Each Area Meeting and MFW will appoint a Treasurer who will manage the Area Meeting accounts and report to the appointing body and to the Treasurer of the new charity for consolidation of the financial reports and for reporting to the Charity Commission and BYM

Stewardship Committee. The Trustees of the new charity will have the responsibility of oversight that the income from the Area Meetings and assets are being used efficiently and in line with the registered charitable purposes.

Local Meeting treasurers will continue to receive and record local income using the online accounting system which will ensure consistent and simple recording of all financial transactions throughout the whole charity and considerably reduce the work of the local treasurers.

2021-24 Triennium

During the interim period financial recording and reporting will continue in the same way as at present (i.e. to Area Meetings and Area Meeting Trustees or MFW Trustees)

Once agreement has been reached about the use of an online accounting package training must be given to all treasurers so that if the merger goes forward for FY2025 Friends will be prepared for a smooth migration to a new system.
