The Truth about Trident

Disarming the Nuclear Argument

Timmon Milne Wallis

Published by Luath Press
in association with Quakers in
Britain

Renewal of the Trident programme would extend Britain's commitment to so-called nuclear 'deterrence' well into the second half of this century, despite treaty obligations and an 'unequivocal undertaking' to disarm. Tim Wallis in *The Truth about Trident* explores the issues Trident presents and raises questions like: what would be the impact of their use? How safe

are they in the meantime? Are they really necessary? Can we afford them? Are there better alternatives? This book peels back layers of confusion to reach the truth about Trident.

By taking up this special offer, you are agreeing to give a copy of the book to your MP or to another person with whom you intend to discuss the issue of Trident, for instance the editor of your local paper...

Published by Luath Press, ISBN: 9781910745427 PBK £12.99

The Truth about Trident is available from the Quaker Bookshop and can be ordered from any other bookshop. Also available as an e-book for Kindle and other major formats from www.amazon.co.uk.
