

All-together worship at Yearly Meeting 25 May 2025, 10:30 to 11:30

Joining instructions

Please find below the link for connecting to All-together worship.

To connect via Zoom

Zoom link sent by email to registered meetings

Please don't share these links with others.

When to join

Please join between 9:45 and 10:10am so can check that your microphone and speakers are working appropriately. We have 36 meetings registered so you may need to wait for a bit. At 10:10 we will mute everyone to prepare for worship.

How it works

Please make sure you change the name in your Zoom connection to the name of your meeting.

Should anyone in your meeting wish to share vocal ministry with the whole yearly meeting, they should indicate this to the Zoom elder/technical support person in your meeting. They will need to raise the electronic hand in your meeting's Zoom connection. Should YM elders call on your meeting, they will ask the YM technical staff to unmute you. The Friend in your meeting will then be able to offer vocal ministry.

As this is expected to be a large meeting, it is possible that more offers of vocal ministry will be made than there is time to receive them. Elders will call on ministry from among those gathered in Friends House, and those online, both individuals and in meetings. If Elders call on ministry from elsewhere, after you have raised your electronic hand, please lower your hand (this may also be done for you). If the Friend in your meeting is called again to minister later, you will need to raise electronic hand again.

Individual Friends joining from home

As a reminder, individual Friends joining from home will need to register for Yearly Meeting and will gain access that way. The deadline for registration has passed, but if they register soon, we will do our best to process their registration in time.
